

D. C. ASPER, 86, DIES SUDDENLY ON THURSDAY

Dennis C. Asper, 86, died suddenly Thursday afternoon at his home, 227 W. Pomfret St., Carlisle.

While he had been under a physician's care for some time he appeared to be in his normal health Thursday afternoon and seated in a chair when death occurred.

A resident of Aspers for many years, he was active in the affairs of that community which had been named for his father, Fred Asper.

IN TILE BUSINESS

For many years he operated the Penn Tile Works at Aspers, established by his father in 1894 when it was one of only four tile manufacturers in the United States. He had gone to work as a burner in his father's plant after completing school and then in 1913, when his father died, he and his brother, Charles Asper, and Harry Lower went into partnership in operation of the plant and named it Penn Tile.

Active in the Aspers Fire Co., and one of its founders, he was president of the Aspers firemen when their new fire house was constructed a number of years ago.

He was a member of the Aspers Lutheran Church. He had been a salesman after Penn Tile closed in the 1940's.

"SUCCESSFUL" WIDE ACCLAIM OF "BIE" DAY

That Gettysburg's first BIE day, sponsored by the Chamber of Commerce, on Wednesday was a success is evidenced by the enthusiasm that characterizes appraisals of the day.

More than 100 Gettysburg school teachers, including eight Sisters of Mercy from the St. Francis Xavier Parochial School, visited 15 industrial plants in Gettysburg and Biglerville. They later assembled at the Hotel Gettysburg with their hosts and following dinner heard Melvin Freeman, executive director of the Central Pennsylvania chapter of ACES (Americans for the Competitive Enterprise System), explain the economic formula that has given America the world's highest living standards.

Chamber of Commerce officers declare the success of the day as BIE day as an annual affair and predict that next year a longer period will be devoted to plant visitations.

ALL ACCLAIM DAY

Industrialists share the same opinion and several cite the program as a practical demonstration of the benefits to be achieved in mutual understanding of business and educational problems.

One comment emphasized the fact that in the selection of the visiting teachers not only were the public and parochial schools included but all grades of the schools were represented.

Enthusiasm of the teachers and of the school heads equaled that

BULLETINS

WASHINGTON (AP)—Civil Defense planners are looking to the use of shelter-adapted schools as key refuge centers in the event a nuclear attack should come at night.

Schools often are the only suitable structures for this purpose in residential areas, the officials said today.

GENEVA (AP)—U.S. Delegate Arthur H. Dean left for the United States by plane today but said he is ready to return at short notice to the nuclear test ban conference if the Russians show a change of heart.

Dean and British Minister of State Joseph Godber decided to leave the negotiations to their deputies after Soviet Delegate Semyon K. Tsarapkin in the three sessions after the talks resumed Tuesday said his government would agree to no controls to enforce a test ban agreement.

NOVEMBER WAS MILD MONTH; SURPLUS RAIN

Mild weather as December bowed in today offered some hope that the month will not turn out to be as wintry as December of last year when there were 15.5 inches of snow and the mercury dropped as far as nine degrees below zero.

That December weather was the coldest experienced all of last winter when all time records were set for snowfall.

This winter is already off to a fast start toward a new snowfall record with three inches in November, making it the snowiest November in Gettysburg since 1955. Last year November had only a half inch of snow.

Although it had more snow than usual, the month that ended Thursday had average temperatures that were above normal and the three inches of snow that fell the night of November 19 helped give November a slight surplus on precipitation.

'61 SHORT ON RAIN

There were measurable amounts of rain or snow on 11 days last month and the precipitation totaled 3.53 inches. That is 0.14 inches above normal and considerably above the 2.14 inches measured here in November of last year.

Last month was the first month with a surplus of rain since September and only the second month in this half of the year to report a surplus. September had less than a quarter inch above normal rainfall but nearly all of that month's rain fell in a few hours the afternoon of September 7 and did little to help crops or underground water supplies.

November was the fourth consecutive month this year with above normal temperatures. November's temperatures ranged from a low of 23 degrees the morning of November 11 to a high reading of 66 degrees the

BISHOP MYERS DIES THURSDAY FROM INJURIES

Bishop J. Lester Myers, 69, Greenacres R. 2, died Thursday noon at the J. C. Blair Memorial Hospital, Huntingdon, following an accident November 16.

The clergyman, well-known throughout the county, was enroute to Ferguson Valley to open a revival there on November 16 when his auto developed a flat tire near Mt. Union. He was repairing the tire when a passing car smashed into the side of his vehicle, crushing Bishop Myers between the two vehicles.

U.S. Troops Roll Across Autobahn Despite Reds' Warning Of "Dangerous"

By EUGENE KRAMER
BERLIN (AP)—More American military units rolled over Berlin's autobahn lifeline to the West today in defiance of a Soviet warning that such troop movements could lead to "dangerous consequences."

The Soviets, who control the 110-mile superhighway through Communist East Germany, tightened their inspection of U.S. convoys but made no attempt to stop them.

Six vehicles forming the last section of a U.S. convoy which set out for West Germany this morning were halted at the Soviet checkpoint outside West Berlin when the Soviets found an error in their travel documents.

14-MINUTE DELAY

The U.S. autobahn operations officer, Capt. Harry Daniels, was called to straighten out their papers and the three jeeps and three trucks were allowed to go on after an hour and 14 minutes.

Tourist Total At New High

Nearly 65,000 persons toured the Gettysburg Battlefield during November, bringing the total tourist visitation this year to 1,691,127, Park Ranger John Rogers reported today.

The visitation during November included 1,006 "camper days" with persons camped on the field for that total of days. Because some campers stay one day, others for several, the camp total is expressed in the number of days of camping rather than number of individuals.

The 64,913 total counted in November compared to 56,407 in the same month a year ago.

This year's 11-month total of 1,691,127 compares to 1,328,011 for the first 11 months of 1960. This year's visitation is the highest in the history of the battlefield. The 1938 record of more than 1,500,000, which had stood as the largest in the history of the field until this year, was exceeded last month.

In Hospital After Morning Accident

Clarence R. Thompson Jr., 29, Gettysburg R. 5, was admitted to the Warner Hospital for observation following an accident at the Heidelsburg intersection this morning at 2:40 o'clock.

State police said Thompson had stopped at the stop sign at the intersection, then turned south on the Gettysburg-Harrisburg Rd.

At that moment, police said, Glenn E. Shaffer, 33, Chambersburg, driving a tractor-trailer south, came over the crest of the grade at Heidelsburg, saw the slow moving car ahead and braked his vehicle. The tractor trailer skidded into the rear of the Thompson car, causing \$300 damage to that 1957 vehicle. There was no damage to the truck.

Thompson at first believed himself unhurt, then became ill and was removed to the hospital in the local firemen's ambulance.

ARREST TRIO FOR THEFT OF THREE SUITS

Three Washington, D. C., negroes, James P. Hill Jr., 27; Gloria R. Hill, 25, and Melvin T. Banks, 28, will be charged here with stealing three men's suits from Lippy's store, Chambersburg St., Chief of Police Jack Bartlett said this morning.

Discovery of the larceny occurred after the three had been taken into custody at Lebanon. Lebanon police notified the local police department today that there were a number of articles with the Lippy's store name on them in the car in which the three Washington residents were riding, and asked a check.

At Lippy's, Chief Bartlett found that the trio had purchased shirts listed as in their possession. Clerks at the store found the three men's suits missing from the racks. The suits were the same ones listed by Lebanon police as in possession of the three. Chief Bartlett said his investigation showed the trio had been in Lippy's store several times Thursday.

RASH OF BREAK-INS

Other articles reported by Lebanon police as in possession of the three and which it believed may have been stolen are a chrome Koch harmonica, an Arco clock in a case, an eight-transistor Arvin radio and a transistor radio. The police chief asked anyone who may have such articles missing from their stores to notify him.

The chief also urged merchants, particularly during the Christmas season, to watch customers who may be wearing unusually roomy overcoats or carry unusually large handbags, etc.

The local police chief also asked

BENDERSVILLE EASES RULE ON USE OF WATER

Bendersville borough council at its meeting Thursday evening decided to lift temporarily the ban on excessive water use in the community.

Lloyd Bream, in general charge of the town's water system, said the reservoir "while still a few inches from its top" has been "holding its own for the last two and a half weeks."

Councilmen decided that, since "there is no longer any danger of use of water for lawn and garden sprinkling" and similar uses of large quantities of water, the ban should be lifted "within reason" and people may scrub or otherwise use water for normal purposes. While the council agreed the town has sufficient water for normal uses it also noted that "it should not be used wastefully."

Council learned that the state has given its approval to the use of a well drilled for the town in 1955 but never put into use.

Reports at the meeting showed that plans are underway for the Metropolitan Edison Co. to place a line to the well so that a pump may be installed. It is anticipated that the work of setting up the pump will be completed, ready for use, by January 1.

Council anticipates that with the use of the well plus the natural sources of water the town will be able in the future to avoid the annual water shortages that arise during dry seasons.

Red Party Officers Defy U.S., Fail To Register

By BARRY SCHWEID
WASHINGTON (AP)—Officers of the Communist party in the United States have failed to meet the deadline for registering under the Internal Security Act.

This left to the Justice Department the next move in the drawn-out war of nerves between the party and the government.

Atty. Gen. Robert F. Kennedy said earlier this week that the department "will enforce the law."

Last Nov. 20, when the party itself defied a deadline for registering, a department spokesman said officials planned to wait at least until after the time had expired for officers to register before taking action.

DEADLINE PASSED

That deadline passed at midnight Thursday night. Individual members of the party now have until Dec. 20 to register under the law.

The government has indicated it

U.S. Will Permit Vote On Seating Red China In U.N.

By TOM HOGE
UNITED NATIONS, N.Y. (AP)—The question of seating Communist China in the United Nations comes up for decisive debate in the General Assembly today. The United States has scrapped a plan to delay a showdown vote for another year but believes it can still keep the Peiping regime out of the world body.

The explosive debate, which the United States managed to postpone for 10 years, opens with an appeal by the Soviet Union to seat Peiping in place of Chiang Kai-shek's Nationalists and a call by the United States to keep the Communists out.

The United States and other supporters of the Nationalists decided to meet the Soviet demand headon after getting a cool reception from most other members for their proposal to dump the question back to the next assembly.

A U.S. spokesman said instead a resolution was being placed before the 103-nation assembly to declare the China question an issue of "substance" which will have to be settled by a two-thirds majority.

Coffelt, who was delegate from the Biglerville local of the Interstate Milk Producers cooperative to the convention, now heads one of the largest districts in the organization with members in Adams, part of York, and other counties west of here, Shenandoah County, Va.; West Virginia and through Maryland. The district was described as large because it "lies on the fringe of the area covered by Interstate."

Among the locals in District 25 are the Biglerville unit, the York Springs local, which was represented at the Philadelphia convention by John K. Mansberger, York Springs R. 2, and Seven Valleys local represented by Conway Smith, New Oxford.

The organization passed a number of resolutions, among them one calling for additional research for "more effective marketing and for expanded marketing outlets and broader utilization of dairy products." They opposed unionization of the dairy farm owners and passed a number of resolutions pertaining to opposition to plans which would in their opinion permit "dumping" of midwestern milk into the Philadelphia area. They pledged their "fullest cooperation" should excessive fallout ever lead to problems in the milk industry and at the same time asked the federal government to "localize" any such radiation warnings to avoid "a cranberry scare" similar to the event several years ago when only a particular area was infected but the warning given affected all cranberry production.

Man Who Killed Wife Asks Parole

The state Pardons Board will hear an application for parole December 12 from Francis N. Light, 52-year-old former Hanover truck driver, who was sentenced September 12, 1958, by the Adams County court to serve from 10 to 20 years on a charge of second degree murder.

The sentence, at the time of its imposition, was to begin as of July 8, 1958, the date when Light was first incarcerated on the charge of killing his wife. A jury found Light guilty of second degree murder. He was accused of stabbing his wife during an argument while the couple was driving near Natural Dam. Police brought the charge against him after finding the body of Mrs. Light stuffed in the trunk of her husband's car.

Youth Is Accused Of Setting Blaze

State police today filed arson charges against a 21-year-old Hanover resident who allegedly set fire to property in Union Twp. along the old Hanover-Littlestown Rd. November 8 or 9.

Ronald C. Jensen, 68 Carlisle St., Hanover, was charged before Justice of the Peace Robert P. Snyder by state police with setting fire to a barn on the Hanover 4 property owned by Ralph Hoffacker, also of Hanover. The Littlestown Fire Company had responded and found the barn burned down when they arrived shortly after midnight. About 10:10 o'clock the same morning, they were called out again only to discover that the house on the same property also was in flames. Both properties burned to the ground and damage was estimated at "roughly \$7,000."

Snyder set no time for a hearing.

Ignore Report Amelia Earhart Landed On Isle

SAN FRANCISCO (AP)—An official report from the Japanese government gave no evidence that famed flier Amelia Earhart ever landed on the Pacific island of Saipan, Rep. John F. Shelley, D-Calif., said in a television interview here Thursday night.

Japan showed no reluctance to make the report, Shelley said, after it was requested by the U.S. State Department on his insistence.

An anthropologist at the University of California is currently examining teeth and bones found on a shallow grave in Saipan. A newsman who found the remains, Fred Goerner of CBS News, said they possibly are those of Miss Earhart and her navigator, Fred Noonan, who disappeared in 1937 on an attempted around-the-world flight.

Selection for the honor, given to a countian for the first time this year, was based upon Weaner's outstanding soil building practices, his progressive dairy enterprise, his cooperation in an experiment being conducted by a number of local farmers in fertilization practices in cooperation with the Pennsylvania State Agricultural Extension Services and the Tennessee Valley Authority, his activities in the county Agricultural Stabilization and Conservation practices program, his general farm operation, and his activities in the Young Farmers' Association and other farm groups.

Weaner has received a number of honors for his farming ability, winning the Keystone Farmer degree of the Future Farmers of America while in high school here and the American Farmer degree from the FFA for his farming practices immediately after graduating from Gettysburg High School.

of the industrialists and of Chamber officers. The consensus was that the event should be an annual affair and that a longer time should be devoted to the visits.

"There is much to the story of industry and business that does not manifest itself and the opportunity to get behind the scene and see the multiple processes should be made available to more and more teachers and to students also," one educator said.

Freeman's talk at the dinner placed emphasis on natural resources, human energy and tools which he described as inseparable.

COST OF TOOLING

The cost of tooling to create one job is measurable in both industry and in school systems, he explained, citing a case of one school district in the Harrisburg area where the capital cost per job was comparable with industry and higher than the national industrial average.

One observer, indicating the county community flavor of the entire project, pointed out that the speaker's table comprised heads of the local, the parochial and the jointure school systems, Gettysburg College and business and industrial representatives.

The invocation, scheduled to be given by Rev. Fr. Joseph Kealy, was given by H. Edgar Riegle, superintendent of the local schools, when Fr. Kealy could not be present due to a death in his family which required him to go to the western part of the state.

Though sponsored by the Chamber of Commerce, the participating industries absorbed the costs of promoting the BIE day project and were hosts to the teachers at the dinner. The Sisters of Mercy were served at the convent on W. High St.

Dear friends,

The details involved in directing the average funeral are almost countless.

However, those who attend a well directed funeral have no realization that the program is the result of careful planning. A smooth, dignified service is never accidental. We consider this phase of our work as perhaps the most important part of our profession.

Thurmond Charges U.S. Has "Policies Of Paralysis" That Advance Communism

LOS ANGELES (AP)—Sen. J. Strom Thurmond, D-S.C., says communism is advancing throughout the world because of what he terms "policies of paralysis" of the U.S. State Department.

Speaking to the First Congressional Church's Freedom Club, the senator Thursday night characterized the State Department as espousing the view, as he put it, "that we should not have won in Korea."

"We should have won in Korea," Thurmond told an estimated 1,000 persons at the Hollywood Palladium. "If we had, we would not be facing the big Communist menace today."

Thurmond, 1948 presidential candidate of the States' Rights party, told an anti-Communist rally Wednesday that the U.S. military now is a primary target in the Communist propaganda offensive. He declared it was determined at Moscow meeting nearly a year ago that something had to be done to stop anti-Communist talks by American military leaders.

CHARGES MUZZLING

The senator was quoted earlier as saying that muzzling of the American military took place on orders "direct from Moscow." But a tape recording of the senator's remarks showed this to be a misquoting.

The senator said a 1958 Defense Department directive — since countermanded — asked military leaders to conduct seminars on the dangers of communism.

He said the reason for this request was that "the military people are supposed to know the enemy . . . and they do know the enemy better than any other segment of our population."

"But what happened?"

"There was a meeting in Moscow last December at which it

was determined something had to be done to stop it.

"Who was doing the most devilment to the Communists? Who was doing the most harm to the Communists?"

"It must have been the military. For Gus Hall, an official of the Communist party and a writer for the 'Worker,' an organ of the Communist party, came out and made this statement: He said a primary target was the military and its anti-Communist statements and seminars."

Warm Greeting For December

By THE ASSOCIATED PRESS

A warming trend ushered in the month of December today, with temperatures moderating to seasonably cool to mild levels.

Freezing weather was reported in only a relatively small part of the country, including New England, the extreme north central Plains and sections of the middle and south Atlantic Coast states.

A broad belt of southerly winds fanned warm gulf air from Texas and the Lower Mississippi Valley northward to the southern Great Lakes region and Upper Mississippi Valley.

Teacher Wills About \$6 Million

Miss Margaret Baker, who died Nov. 21 at age 79, taught school 34 years before retiring about 25 years ago.

Lobaugh said Miss Baker inherited a little money from her father, Thomas Baker, a carpenter who patented a device used in scales.

Miss Baker's will lists 166 relatives and 40 farm tenants as heirs.

Dominican Republic Leader Refuses To Step Aside For A Seven-Man Ruling Junta

By ROBERT BERRELLEZ

SANTO DOMINGO, Dominican Republic (AP)—The major opposition faction Thursday night rejected a military proposal to keep President Joaquin Balaguer in office as head of a seven-man ruling junta and give the armed forces virtual autonomy in the strife-ridden Dominican Republic.

The National Civic Union, the strongest of the three opposition groups demanding that Balaguer step aside in favor of a provisional government free of Trujillo elements, broke off negotiations with the government and warned Dominicans that they faced "absolute domination by military powers."

Balaguer earlier had declared in a radio address that his present government would stay in office unless the opposition accepted the military proposal.

APPEAL TO STRIKERS The Civic Union also appealed to strikers who have virtually paralyzed the country with anti-Balaguer work stoppages to "suspend the strike and abstain from all activity that could serve as a pretext for acts of violence."

But a few hours later Civic Union President Viriato A. Fiallo told newsmen there had been heavy protests against halting the strike and he felt he could not interfere.

Heavily armed troops and screaming mobs clashed in Santo Domingo Thursday—the third and worst day so far of the general strike — and machine-gun fire killed one youth. A report from Santiago said noise bombs burned 20 women about the legs.

MARCH ON PALACE The antigovernment demonstrations included a march on the National Palace in response to false reports that Balaguer had resigned. Troops forced back the angry crowd with tear gas and detonation bombs.

Quiet returned to the capital at dusk as troop patrols enforced the nightly curfew.

The Civic Union, in what it called its final proposal, demanded Thursday that Balaguer step aside for a provisional governing council of five or seven members — excluding Balaguer—who would elect a chairman by simple majority.

The military plan proposed that all legislative powers be vested in the ruling junta until general elections within two years, that Congress largely made up of members of the old Trujillo Dominican party) be dissolved and that the military budget could not be reduced below the 1962 estimate of 24 million pesos.

"The government could not be Communist," it added.

sidered a demonstration of U.S. determination to maintain its rights on the autobahn.

In the first Soviet protest against the traffic, the Soviet news agency Tass spoke of the "provocative character of this action." It charged that since U.S. troops in West Germany serve the North Atlantic Treaty Organization, their maneuvering in West Berlin "means the inclusion of West Berlin in the aggressive military bloc of NATO."

Meanwhile, U.S. Army headquarters for Europe announced more movements will be made. It said the 1,500-man 1st Battle Group, 19th Infantry, 24th Division will soon move into Berlin from West Germany to replace the 1st Battle Group, 18th Infantry 8th Division.

At the headquarters of the Civic Union, some members censured the United States and claimed it had backed Balaguer against the wishes of the people. Fiallo, alluding to this, declared it was "an historic error."

In Washington, the State Department expressed hope "that all men of good will in the Dominican Republic will exercise moderation and responsibility in seeking the political means by which a truly democratic future for the country can be assured."

Traffic Deaths 2 Per Cent Lower

CHICAGO (AP)—The nation's traffic deaths in the first 10 months of this year—30,800—were 2 per cent lower than for a comparable period in 1960, the National Safety Council said today.

FIFTEEN YEARS AGO
John L. Lewis Found Guilty Of Contempt Of Court: Washington—John L. Lewis and his United Mine Workers were held "guilty of contempt of court" today for disregarding an order designed to avert the industry-shattering soft coal strike.

Federal Judge T. Alan Goldsborough, who handed down the historic verdict after five days of court proceedings, deferred sentence until tomorrow.

The penalties in fines or jail sentences are within the discretion of the court. The law sets no maxima or minima in contempt cases.

Heads Circle For 3rd Term: Mrs. S. Lester Scott was elected for her third term as president of Trinity Circle of the Trinity Reformed Church at the regular monthly meeting Tuesday night at the home of Mrs. W. Preston Hull, Chambersburg street.

Other officers elected were: Vice president, Mrs. J. William Kendlehart; secretary, Miss Alice Snyder, Baltimore street; treasurer, Miss Helen Culp, Chambersburg street; financial secretary, Mrs. Curtis Flohr, West Middle street.

Waybright Thomas has returned to Philadelphia to resume his studies at the University of Pennsylvania after the Thanksgiving recess spent with his uncle and aunt, Mr. and Mrs. Charles E. Raffensperger, of Biglerville. Mr. and Mrs. Raffensperger had as guests Saturday Mrs. Revere Thomas, and her son-in-law and daughter, Mr. and Mrs. DeWitt Dearborn, and daughter, Patsy, of Harrisburg.

C. of C. Says Xmas Lights Will Go On In Gettysburg: Gettysburg's Christmas lights will be illuminated.

That statement seemed assured today with the lights expected to be turned on either this evening or Saturday evening.

The lights will be operated by power from a diesel generator secured by the Chamber of Commerce Christmas lights committee headed by Ralph Z. Oyler.

The proposed lighting was not believed to be in violation of the brown-out regulations, Chamber President Henry W. Garin said today, because no coal will be used in making the electric power for the lights. Only relatively plentiful crude oil is used in the operation of the generator.

Xmas Trees On Market: Take Holiday Orders: Thanksgiving over, the Farmers Market reflected the approaching Christmas holiday season today with the first Christmas trees making their appearance. Orders were also being taken for turkeys and other fowl for the forthcoming holiday.

Large, nicely-shaped white pine trees were priced today on the market at from 75 cents to \$2.50. Cedars sold for from 40 cents to \$1 and Jack Pines brought from 50 cents to \$1.50.

\$1,000 Fire Loss At Littlestown: The Alpha Fire Company, Littlestown, answered a call at 2 p.m. Tuesday to the home of John Fogle, on the Old Mill road, one mile southwest of Littlestown. In addition to Mr. and Mrs. Fogle, the man's grandparents, Mr. and Mrs. Oliver Fogle, lived there. The house is owned by Hobson Crouse, and is a weather-board bungalow.

Today's Talk

AROMA
There are certain perfumes that revive latent moods and memories. I always look forward to the aroma of autumn with its golden garb like that of a prince, for instance.

People carry a certain aroma about them. Something spiritual, fine I think. Something that makes you feel comfortable and happy when they are around. And there is an aroma about some people that makes you shrink from them.

I was greatly impressed by the newspaper comments over the death of a great mid-western banker many years ago. Hardly a personal tribute appeared that it didn't say what a "lovable" man he was; but I remember nothing that was said of his wealth. Beside the bed where he found him was an open Bible. He had filled his mind with perfume before he fell asleep.

I believe that more people would have restful sleep if they put something beautiful into their minds before retiring.

Thoughts means so much. Science tells us that it is able to change almost instantly the chemical composition of certain parts of the physical body.

We know that happy news or appreciative things said to us make us brighter up and life us to higher ground.

Nothing pays anyone so much as to leave something helpful and good behind.

I had an author friend with whom I used to talk about books, people and things. The aroma of his life smells so sweet—still pungent with the lofty aims that were woven as a part of his splendid character.

You miss people who seem to remain long after they have gone away. Many remain forever.

Tomorrow Mr. Adams will talk on the subject: "Heart Hunger" Protected, 1961, by The George Matthew Adams Service

Just Folks

THE CALENDAR
Oh, some days here shall joyous be,
And some be tinged with sorrow.

A few may live in memory,
Some not outlast tomorrow.

The days and weeks and months slip by
Until we reach December,
But there is much that makes us sigh

We ne'er shall remember.
We toss the page which marked the day
Into the paper basket,
So memory throws the care away

Which sadly seemed to task it.
And now a month is flung aside
How fast the year is thimble!

For no man lingers time or tide,
A new month is beginning.

The holy days are marked in red,
So memory clings to mirth days;
The days we sorrowed for our dead,
Our wedding and our birthdays;
But it is well when we have thrown

Away the last December
That of the countless cares we've known,
Not many we remember.

day without agreement in a dispute over wages and work standards.

Immediately after the strike started with picketing at A & P's main warehouse in nearby Yeading, Food Fair Stores, Inc., and American Stores reaffirmed an earlier threat to lay off meat department workers.

The action will affect some 5,000 employees at meat counters in 475 stores and warehouses and could close the stores if members of the Teamsters and Retail Clerks unions honor picket lines.

Negotiations for new contracts, which have been continuing for the past six weeks, were joined Monday by the Teamsters in an effort to head off the strike.

WOMAN'S CLUB

SUPPER HELD

ON WEDNESDAY

A covered dish supper and a social evening of cards and games were enjoyed by members of the Woman's Community Club of Littlestown and vicinity in conjunction with their November meeting on Wednesday evening in the social room of the Eagles Home. A special award went to Mrs. George Schaefer and game prizes were presented to Mrs. Emory Gitt, Mrs. Holman L. Sell, Mrs. Stanley S. Horn, Mrs. George Schaefer, Mrs. Joseph R. Riden, Mrs. Charles W. Weikert, Miss A. Marie Budde, Mrs. Edward T. Richardson Sr., Mrs. Edward H. Leister, Mrs. Molly Yingling, Mrs. John Brodie, Mrs. Irvin Kindig.

The business meeting was in charge of first vice president, Mrs. Edward H. Leister. Routine reports were dispensed with but information concerning needy families and the method of reporting their names to the Adams County Council of Community services was explained, with the work of reporting being turned over to the Home Life Department, Mrs. George C. Dehoff, chairman. In the absence of Mrs. Dehoff, Mrs. Charles W. Weikert of the same committee announced that the welfare baskets packed each year by the Woman's Club for less fortunate families of the community will be prepared on Thursday, December 21. Contributions for the baskets should be taken to the homes of Mrs. Weikert or Mrs. Dehoff or to the Keystone Milling Company before that date.

ANNOUNCE TEA, TRIP

Mrs. Leroy W. Bish and Mrs. Emory C. Gitt explained the details of the sewing contest for advanced sewers, for which there is no fee. Enrollments may be made at the extension office at the courthouse in Gettysburg. Each person enrolling will attend four meetings and will make a dress in that period of time. Mrs. Gitt also announced that the annual Adams County Homemakers' Tea would be held at 1:30 p.m., at St. James Lutheran Church, Gettysburg, on next Tuesday, and she extended an invitation to club members to attend. Members interested may contact any member of the committee.

Mrs. Luther W. Ritter, club representative on the Community Center Board, noted that progress is slow due mostly to the inability to find a contractor to do the required work. It is hoped to have an open house in December for the public to see what has been done and what needs to be done.

It was voted to renew the "Clubwoman" state federation publication. The members who assisted with the community

Annual Army-Navy Classic To Close Curtain On Grid Season

The 1961 college football season finishes its regular campaign on Saturday with its annual military maneuver in gigantic Philadelphia Stadium when Army meets Navy before President Kennedy and 102,000 fans.

Indications are that one of the two service schools may get to play UCLA in the Rose Bowl on New Year's Day in one of two bowl spots to be decided as the curtain falls on another hectic season. If it isn't a service academy, it will probably be either Minnesota or Michigan State of the Big Ten.

The other is the Bluebonnet Bowl spot left open for Rice (6-3) if it wins over Baylor (5-4). The latter already is ticketed for New York's Gotham Bowl against Utah State, win, lose or draw.

ALABAMA TOP TEAM

Alabama's Crimson Tide (9-1), playing Auburn, could nail down the No. 1 spot in next week's final Associated Press poll, and with it the mythical national title, plus a share of the Southeastern Conference title with Louisiana State.

The Tide has already indicated it will go to the Sugar Bowl to face Arkansas, making the announcement official after its game against Auburn. The Auburn Tigers (6-3), incidentally, are hoping for a Rice defeat that could send them into the Bluebonnet Bowl against Kansas.

Mississippi, ranked fifth, and sixth-ranked Colorado are the only other of the elite to see action. The Rebels (8-1) play Mississippi State (5-4) and are expected to announce acceptance of a Cotton Bowl bid to play Texas on New Year's Day.

OTHER BOWL GAMES

Colorado, 8-1, with the Big Eight title and a trip to the Orange Bowl all wrapped up, plays Air Force (3-6). Two other bowl clubs also get their last regular season tests. Georgia Tech, 6-3, and set to face Penn State in the Gator Bowl, meets Georgia (3-6), and Miami Fla. (6-3), and ticketed for a Dec. 16 date against Syracuse in Philadelphia's Liberty Bowl, plays Florida (4-4-1).

Other closing day games have Notre Dame facing Duke, North Carolina against Virginia, Holy Cross meeting Boston College, SMU playing Texas Christian, Oklahoma looking for its fifth straight victory after five opening losses against Oklahoma State, Oregon State at Houston and Tennessee facing Vanderbilt.

There's also the little Army-Navy game between Pennsylvania Military College and Kings Point Merchant Marine Academy. What makes this one so noteworthy is that it is being played indoors, before a sellout crowd of 12,200 in Atlantic City's mammoth Convention Hall.

Celtics Handed Third NBA Loss

By THE ASSOCIATED PRESS
The Boston Celtics, leading the Eastern Division of the National Basketball Association by four games, might be out of sight if it weren't for the teams in the West.

Cincinnati, led by Ja' Twyman and Oscar Robertson, mounted a big last-quarter comeback and clipped the Celtics 133-130 in Providence, R.I., Thursday night.

It was only the third loss in 17 games for the three-time league champions, but all have been to Western Division teams.

The Celtics had a 20-point lead early in the third period, then went cold. The lead dwindled to 10 going into the fourth period, and the combination of Twyman and Robertson, who scored 63 points between them, whittled away.

It was the only league game scheduled.

Top Tied Teams Play Second Tie

By THE ASSOCIATED PRESS
The Montreal Canadiens and Toronto Maple Leafs finished their two-game, man-to-man battle for first place in the National Hockey League just the way they started it—tied.

The Canadiens and Leafs, getting superb goal tending goals from Johnny Bower and Jacques Plante, skated to a 1-1 tie in Montreal Thursday night, their second tie in as many nights. They drew 2-2 in Toronto Wednesday.

It left them sharing first place, each with 29 points, three ahead of third-place New York, idle the last two nights.

Detroit put the brakes to its skid by inserting Hank Bassen in goal and taking a 3-1 victory over hapless Boston in the only other NHL activity Thursday night.

PITTSBURGH (AP)—Mrs. Philis Hoak has been granted a divorce from third baseman Don Hoak of the Pittsburgh Pirates. Judge Sara Soffel of Allegheny County granted the divorce Thursday. Mrs. Hoak, a mother of three children, had charged cruelty and indignities.

Earlier this year, the Pirate baseball player had filed for divorce on grounds of cruel and barbarous treatment and indignities.

The Hoaks were married in Fort Worth, Tex., on Aug. 21, 1950. Mrs. Hoak now lives in Coudersport, Pa.

Hoak is currently managing a team in the Dominican Republic winter baseball league.

DON SCHWALL IS AL'S TOP ROOKIE IN '61

By JOE REICHLER
Associated Press Sports Writer
MIAMI, Fla. (AP)—Don Schwall, who came up to the Boston Red Sox from Seattle in late May to pitch his way into an assignment in the All-Star game, was voted the American League Rookie of the Year for the 1961 season today.

The 6-foot-6 right-hander edged Dick Howser, Kansas City shortstop, by one vote in the closest competition since the award was officially instituted by the Baseball Writers' Association in 1949. Billy Williams, Chicago Cubs' outfielder, gained the rookie award in the National League, which was announced Thursday.

Schwall received seven and Howser six of the 20 votes cast as six players, the most in any year, were given consideration.

Lee Thomas, hard-hitting outfielder of the Los Angeles Angels, drew two votes as did outfielder Floyd Robinson of Chicago, and second baseman Chuck Schilling of the Red Sox. Jake Wood, Detroit second baseman, had one vote.

Schwall, who was better known at Oklahoma University for his prowess in basketball, won 15 games for the Red Sox although he did not make his first major league appearance until May 25. He lost only seven and had a 3.27 earned run average.

The big fellow appeared in 25 games, all stars, completed 10, walked 110 and struck out 91. He pitched three innings for the American League in the second All-Star game and was charged with one run in a game that ended in a 1-1 tie.

TENSIONS RISE IN PREPARATION FOR BIG FIGHT

By MURRAY ROSE
Associated Press Sports Writer
TORONTO (AP)—The pressure building up within was beginning to show on challenger Tom McNeely Jr., as the date drew closer for his title fight with heavyweight champion Floyd Patterson.

Although admitting "growing tension" the unbeaten, 24-year-old husky from Arlington, Mass., still spoke confidently today of knocking out the champion next Monday night.

Even reports of Patterson's blazing final boxing workout on Thursday failed to shake the optimism of the crewcut 200-pounder.

"KEEP HIM DOWN"
"Patterson can be hit and Patterson goes down," said McNeely. "The record proves that, Ingemar Johansson has had him down nine times alone. Roy Harris dropped him and even Pete Rademacher had him down. If I get him down, I'm going to keep him down."

"My two hands are better than just Johansson's right. I know what Patterson can do and when he is vulnerable. He can be had early and the earlier I hit him the better it will be for me."

McNeely, who finished his boxing drills last Sunday, laughed off statements of Patterson's manager, Gus D'Amato, that he has been boxing seriously.

"That's a big joke," he said. "I've boxed more than 500 rounds since last April and that's plenty. All I want to do now is be ready. I don't want to go stale."

McNeely merely limbered up and went through calisthenics Thursday while Patterson boxed two rounds.

Offensive line coach Rocco Pirro of Syracuse capped the Buffalo Bills in the old All-American Football Conference.

Those receiving letters were: Gary Herring, David Lutz, Craig Smith, Thomas Hefflin, James Rowe, Bruce Baker, William Jones, Richard Finkboner, Michael Krick, William Linebaugh, Paul Plank, George Rohrbach, all Ninth Graders, and Christopher Richardson, the lone Eighth Grader. A poem, "Sissies," written by Paul Deitzel, Louisiana State University coach, was given by George Rohrbach.

HAVANA (AP)—Communist party leader Blas Roca, recently returned from a tour of the Soviet Union and China, said Thursday night Russian rockets would help Cuba fight any armed aggression. He told a television audience the Cuba revolution is here to stay but predicted "we will have a constant fight (with the United States) for years."

Charles Town To Open December 15

Charles Town Race Course has been assigned a 47-day winter meeting from December 15 through February 8, 1962, William P. C. Perry, chairman of the West Virginia Racing Commission, has announced.

Charles Town will run at 1 o'clock daily during this period except on Monday, December 25, Christmas Day. This will be the 65th race meeting conducted since 1933 at Charles Town, West Virginia's pioneer track.

Perry pointed out that the dates for Charles Town were assigned with cooperation with the Maryland Racing Commission in mind and for the convenience of horsemen.

Racing in Maryland terminates December 14 with the closing of Pimlico and begins in 1962 at Bowie on February 9.

Charles Town has since its original opening made a success of midwinter racing dates when racing was impractical at other northern tracks. The plant and its facilities are completely winterized and there have been extremely few cancellations because of weather.

CHISOX GIVE UP PIERCE IN 3RD YOUTH TRADE

By JOE REICHLER
Associated Press Sports Writer
MIAMI, Fla. (AP)—The Chicago White Sox determined drive to rid themselves of aged performers continued today.

Engineering his third major trade in four days, Eddie Short, the youthful general manager, dealt two veteran pitchers, left-hander Billy Pierce and right-hander Don Larsen to the San Francisco Giants for three young players and a fourth to be named later.

The three Sox newcomers, all rookies, are first baseman Bob Farley, 23; and right-handed pitchers Eddie Fisher, 24, and Dom Zanni, 29.

ACCENT ON YOUTH

"The accent is on youth," said Chicago manager Al Lopez. "We prefer to gamble on young promising players rather than continue with players who no longer can be counted on to take their regular turn on the mound."

"At best, Pierce would have been our fifth or sixth pitcher and we would have had to spot him against certain clubs. Also, we have four left-handers—Juan Pizarro, Frank Baumann, Joe Horlen and Gary Peters and Pierce became expendable."

Pierce, 34, a standout with the White Sox since 1949, had a 10-9 record last year with a 3.80 earned run average. Larsen, author of the only no-hitter in World Series history, had a fine 4-1 with the White Sox after they acquired him last June from Kansas City.

"Pierce is the key fellow in the deal," said Alvin Dark, manager of the Giants, "but we are counting on Larsen to help us a great deal. We plan to use him as our long relief man with Stu Miller, our great relief specialist, as the short man."

GOOD MINOR MARKS

The new Chicago trio enjoyed successful 1961 seasons with the Giants' Tacoma farm club in the Pacific Coast League. Farley batted .307 in 114 games, hit 20 home runs and drove in 71 runs.

Fisher had a 9-5 record. He walked only 26 and struck out 84 in 128 innings.

Zanni was brought up by the Giants late last season after compiling an 8-4 record and turning in a 2.56 earned run average in triple A. He won his only decision with the Giants.

Last Monday the White Sox traded Minnie Miros, 37, to the St. Louis Cardinals for Joe Cunningham, 29, first baseman and outfielder. The next day, the Sox sent Roy Sievers, 35, their slugging first baseman, to Philadelphia for Charlie Smith, 24, a third baseman and John Buzhardt, 26, a pitcher.

Jonas Will Play In Gator Bowl

UNIVERSITY PARK, Pa. (AP)—Penn State's football team will have the services of star halfback Don Jonas when it plays Georgia Tech in the Gator Bowl Dec. 30.

Jonas, the team's No. 2 scorer, received a shoulder injury Oct. 21 in a game with Syracuse. Though unable to play generally he had continued as the team's place kicker. The team doctor reported Thursday he is ready for full-scale duty.

Prior to being injured Jonas had run up a 4.8-yard average rushing. He had caught five passes for 75 yards and a touchdown. In all, he scored two touchdowns, 17 extra points and six field goals for a total of 47 points.

Penn State Coach Rip Engle said State will scout Georgia Tech's game with Georgia this weekend. Coaches of the two teams also agreed to exchange films of four games each.

COLLEGE CAGE SEASON OPENS THIS EVENING

By DON WEISS

Associated Press Sports Writer
Major college basketball, rocked by its second widespread scandal in a decade, opens a new season tonight with a job on its hands.

After the scandals of 1950-51, it took the better part of five years before the shocked public forgot its jibes about bribes and began accepting the sport, particularly in the big, publicized arenas of the East.

What kind of reception is in store for basketball this time, after a sweeping disclosures that dragged in the names of 37 players from 22 colleges and universities, is anyone's guess.

Back again are such exceptional players as Jerry Lucas of Ohio State, Terry Dischinger of Purdue, Chet Walker of Bradley, Len Chappell and Billy Packer of Wake Forest, Art Hayman of Duke, Billy McGill of Utah, Dave Debusschere of Detroit, Johnny Rudometkin of Southern California, Vinnie Ernst and Jimmy Hadnot of Providence.

OTHER CAGE STARS

Also Don Nelson of Iowa, Gary Roggenbuck of Dayton, Carroll Broussard of Texas A&M, Del Ray Mounts and Harold Hudgens of Texas Tech, and Paul Hogue, Tony Yates and Tom Thacker of Cinderella Cincinnati, the Bearcat bunch that upset mighty Ohio State in overtime in the NCAA championship final at Kansas City last March.

Ohio State, picked to again top the nation's team, in the pre-season poll of The Associated Press panel, returns with John Havlicek and Mel Nowell to accompany player of the year Lucas.

The major schedule, which moves immediately into high gear Saturday, opens with a score or more big games tonight—headed by Southern California at Missouri, Florida at Duke, Mt. St. Marys at Providence, and West Texas at Seattle.

SATURDAY GAMES

Pipers Maintain Half-game Lead

By THE ASSOCIATED PRESS
The Cleveland Pipers used a third-quarter scoring surge and a skimpy schedule to strengthen their fingernail hold on first place in the Eastern Division of the American Basketball League.

The Piper scoring burst propelled them past Kansas City 109-102 Thursday night and gave them a half-game lead over Pittsburgh. The Pipers entered the game—only action in the league Thursday night—leading Pittsburgh by 918 percentage points but even in games behind.

Cleveland struck for 33 points in the third period, 12 of them by Rossie Johnson, in forging an 81-70 lead.

The loss cut Kansas City's Western Division lead to two games over Los Angeles.

Norm Cash, American League batting champion with Detroit, hit .393 in daytime baseball. His over-all mark was .361.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

TAKE PART IN EVER READY II

Pfc. Gordon J. Eckenrode, son of Bernard C. Eckenrode, Littlestown R. 1, recently participated with other personnel from the 6th Infantry's 2nd and 3rd battle groups in exercise Ever Ready II, a three-day field training exercise in West Berlin's Grunewald forest.

The exercise, conducted to maintain individual and unit combat efficiency, stressed small unit infantry tactics during both day and night maneuvers. Amphibious and air operations were included in the exercise, which was conducted under simulated combat conditions.

The 6th Infantry's current mission is to protect the 81-square mile U.S. sector of Berlin from possible enemy aggression and to assist, where necessary, in maintaining law and order in free Berlin.

Eckenrode, a machinegunner in the 2nd's Company A, entered the Army in May, 1959, and arrived overseas in January, 1960. The 19-year-old soldier attended Littlestown High School.

SUPPER MEETING

A covered dish supper will precede the December meeting of the Mason and Dixon Homemakers at 6 p.m. on Monday at the home of Mrs. Esther Beachtel, near town. There will be an exchange of favorite recipes.

SAD FATHER RETURNS HOME

NEW YORK (AP)—Gov. Nelson A. Rockefeller was back home today—a sad and shaken father.

His long journey home from the Netherlands New Guinea wilds ended Wednesday night at Idlewild Airport.

Facing more than 100 newsmen, photographers and cameramen, Rockefeller expressed hope that a "miracle" would happen and that his youngest son, Michael, 23, would be found alive.

Most of the governor's words were a eulogy of Michael—"he always loved people and was loved by people. He loved the beauty of life, the beauty of people, the beauty of art and sculpture. He knew no fear."

Rockefeller's voice was soft as he spoke of his son, who disappeared on an art-hunting expedition in New Guinea.

His references to Michael were mostly in the past tense. After telling what kind of lad Michael was—or is—and relating details of the trip half way around the world to aid the search for him, the governor left the airport in a car, saying he was going to see his estranged wife.

Accompanying him were one of his brothers, banker David Rockefeller, and two of his sons, Steven and Rodman. They were among those who met him at the airport.

Mrs. Rockefeller has been in seclusion at the family estate at suburban Pocantico Hills. The governor kept his wife informed of all developments while he was in New Guinea.

Michael was reported missing 11 days ago. That was two days after the Rockefellers—married for 31 years—announced they had separated and planned divorce.

The governor started the long plane journey to New Guinea

SHOPPERS FEET. The Christmas shopping marathon is on! Will you win it in a breeze, or hobble across the finish line? The answer depends on your feet, the amount of pampering given to them.

Feet seem to take wings, after just this much consideration:

- Prior to dressing for a shopping foray, massage the feet with a soothing foot cream or lotion. This will help prevent the tender, burning sensation that comes from prolonged exertion.

- Elect to wear a well-fitted, leather walking shoe, either a pump or a ghillie. New ones combine comfort and fashion. They are strikingly trim and lightweight, but give firm support; heels are low to medium, not pancake flat. If the heel is stacked, so much the better. For the construction acts like a shock absorber.

- As an additional prop for fatigue-prone legs, wear support stockings.

- Dust the insides of shoes with foot powder, if the feet incline to excessive perspiration.

- On a wet day, do protect your shoes and feet in transit with

raingear. But remove it as soon as you reach your destination. No overshoe or storm boot yet made will keep shopping feet happy.

When, in spite of all precautions, you return home with aching feet, treat them to a hot,

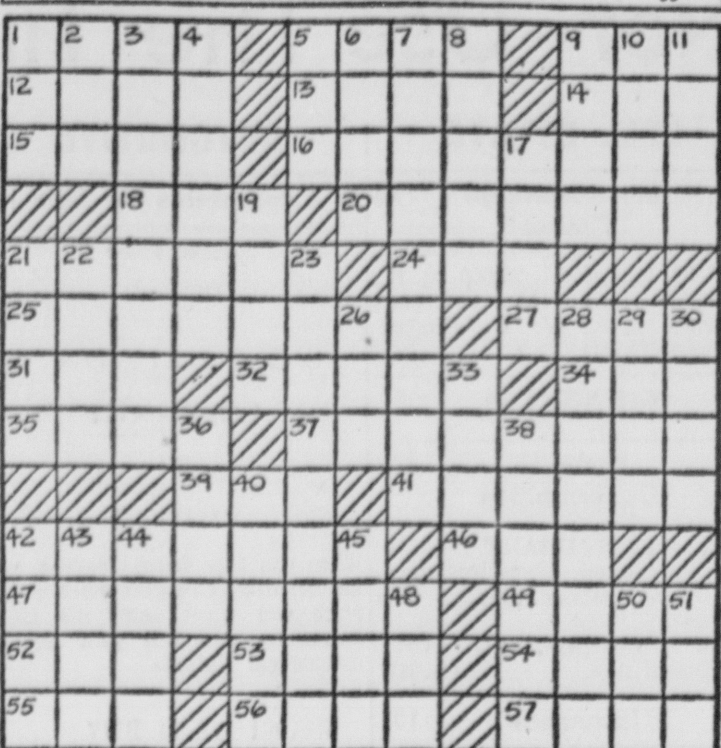

sudsy soak, then a plunge under cold, running water. Follow up with a brisk towel, an application of foot spray or cologne, and a change of shoes and stockings. That way you revive your feet, looks and spirits!

OVATION FOR CHURCHILL IN COMMONS

LONDON (AP)—Sir Winston Churchill walked into the House of Commons on Thursday and the mother of parliaments stopped all business to cheer him on his 87th birthday.

Entering the House—after a luncheon of oysters and lamb chops, washed down by champagne—Britain's great wartime leader made the customary bow to the speaker.

At the sight of Churchill, his fellow Conservatives and opposition Laborites filled the hall with cheers.

BREAK RULES
Even the spectators' gallery joined the cheering. This is decidedly against the rules—but the speaker made no move to halt it.

His eyes filled with tears, Sir Winston—who had reached his seat during the cheering—slowly rose. With the aid of his walking stick, he stood upright, then bowing to his fellow Conservatives and to the opposition, said: "I am very grateful to the House."

This was the signal for more cheering. The scene was made more colorful as the members picked up their order papers and waved them like schoolboys.

After his brief remark, Sir Winston sat down.
